1 Introduction

The Study Information API in Lifecare Education API Services provides services that make it possible to get study plan and subject plan for students and to update or add course choices and subject choices. The services in the Study Information API are accessed via URIs.

This document describes following:

- Which study information that a user can get via the Study Information API.
- How the study information is divided into entities and how these entities are structured.

1.1 Prerequisites

Before you can get access to the Study Information API you must request a license key from Tieto. You should have basic knowledge on Swedish school system and W3C XML before you start using the API.

8 Services

All network services are based on HTTP REST technology and organized in school types to match each school structure. Importing information using method HTTP POST and export information using method HTTP GET.

8.1 Study plan

The services below gives study plan for a specified student or study plans valid at a specified date. The output is XML information with the study plans.

Base path for services are:

[https://\[host\]/WE.Education.Integration.Host/LES/StudyInformation/V3/StudyInformation.svc](https://[host]/WE.Education.Integration.Host/LES/StudyInformation/V3/StudyInformation.svc)

Parameters – Alternative 1 (not available for delta services):

Parameter	Mandatory	Description
Id	Yes	Student identity. The id can be GUID or PID for the student.

Parameters – Alternative 2 (not available for delta services):

Parameter	Mandatory	Description
SearchDate	No	The search date. Current date will be used if SearchDate is not specified. The oldest search date that can be used is current date minus one year.

Parameters – Alternative 3 (only available for delta services):

Parameter	Mandatory	Description
StartDate	Yes	Start date&time
EndDate	Yes	End date&time

Parameter value limitations:

- EndDate – StartDate >= 5 minutes
- EndDate – StartDate <= 24 hours
- Current time – EndDate >= 5 minutes

Services:

Service	Description
GetUpperSecondarySchoolStudyPlan	Get study plan for upper secondary school student

Service	Description
GetUpperSecondarySchoolForLearningDisabilitiesStudyPlan	Get study plan for upper secondary school with learning disabilities student
